Sales dropped yesterday.
What do you do next ?

SALES DROPPED BUT WHY ?

Marketing

- Google Ads performance declined
- Meta campaign stopped scaling
- Organic rankings dropped
- Audience saturation
- CPC increased
- CTR decreased
- Creative fatigue

Conversion

- Checkout issue
- Product out of stock
- Landing page conversion dropped
- New creatives attract lower-quality traffic

External

- Day-to-day volatility
- Day of week / seasonality
- Public holidays
- Weather
- Competitor promotion
- Payday effects

TRADITIONAL WAYS TO FIND OUT

Ask the experts

- Wait for replies
- Schedule a meeting
- Get different opinions
- Hope they're right

Do it yourself

- Learn multiple platforms
- Analyze dozens of metrics
- Try to connect the dots
- Hope you're right

TRADITIONAL WAYS TO FIND OUT

Ask the experts

- Wait for replies
- Schedule a meeting

- Hope they're right

Do it yourself

- Learn multiple platforms
- Analyze dozens of metrics
- Try to connect the dots
- Hope you're right

There should be a third option.
MARK.

WHAT DO WE NEED ?

**Marketing doesn't have a data problem.
It has a decision problem.**

What happened ?

Why ?

What should I do ?

Our mission is to make world-class marketing decision making accessible to every business.

PROBLEMS TO BE SOLVED

Our mission is to make world-class marketing decision making accessible to every business.

Performance data

Business decisions

- 
- Fragmented data
